INNOVATION AT ITS BRIGHTEST

LETTER FROM THE
CHIEF SALES OFFICER

I am thrilled to present to you our latest product catalog, showcasing our innovative range of solutions designed to empower you in serving your customers with excellence.

At Feniex, we pride ourselves on being the leader in multicolor, 1SKU programmable technology. This technology drives our ability to implement plans at every level, replacing the traditional build-to-order logic of our industry. Our commitment to providing the most cost-efficient and functional warning technology for vehicle applications across all global markets remains steadfast. Feniex equipment is meticulously designed and built with inventory consolidation principles, enabling the fastest lead times to customers and ease of use.

As Chief Sales Officer, I am deeply committed to your success. It's not just about selling products; it's about building relationships, understanding your needs, and providing the support you deserve. Whether you're an established partner or exploring our offerings for the first time, know that we are here to support you every step of the way.

In this catalog, you will find a comprehensive selection of our cutting-edge products. From state-of-the-art lighting solutions to advanced control systems, we continue to push the boundaries of innovation to ensure that you have the tools necessary to thrive in a competitive market.

"AS WE EMBARK ON THIS JOURNEY TOGETHER, I WANT TO EXPRESS MY GRATITUDE FOR YOUR CONTINUED PARTNERSHIP AND TRUST IN FENIEX INDUSTRIES. YOUR SUCCESS IS OUR SUCCESS, AND WE ARE HONORED TO BE A PART OF YOUR GROWTH STORY."

Thank you for choosing Feniex Industries as your trusted partner.

Yemilyn Mosley
Chief Sales Officer

Q LINK: HOW IT WORKS

You'll need a Q Link in order to program your serial Q Series product(s). Serial Q Series products include 27 programmable inputs, 8 serial ports, 1 zone selector input, and 16 zones (a zone is a location in which a module or group of modules are located). Each serial port can support up to 6 modules with a maximum of 48 modules on a single Q Link.

DESCRIPTION:

Feniex's patented Quantum® 2.0 Series offers 5-color capable technology and is available in 6 progressive Unlock Levels: Single, Dual, Tri, Quad, Quint, Amber. For a minimal unlock fee, all Feniex Quantum 2.0 products can be unlocked to any desired Unlock Level, providing unrivaled customization to meet your exact needs without breaking the bank. Feniex's Quantum 2.0 Series is now capable of 5 vivid colors: Blue, Red, Amber, White, and Green.

- Available in Single, Dual, Tri, Quad, Quint, & Amber.
- Blue, Red, Amber, White, and Green colors selectable per light module
- Computer Programmable with Unlock Quantum® Software
- 28 programmable inputs with optional converter
- 13 programmable inputs standard with each full-sized lightbar
- Universal Mount for all Vehicle Makes & Models

- Integrated takedown, alley and flood function
- Integrated front and rear flashing function
- Integrated DOT stop-turn-tail function
- Integrated arrow directional function
- Integrated dim and cut off function
- Integrated cruise and park function

DESCRIPTION:

Feniex's patented Quantum® 2.0 Series offers 5-color capable technology and is available in 6 progressive Unlock Levels: Single, Dual, Tri, Quad, Quint, Amber. For a minimal unlock fee, all Feniex Quantum 2.0 products can be unlocked to any desired Unlock Level, providing unrivaled customization to meet your exact needs without breaking the bank. Feniex's Quantum 2.0 Series is now capable of 5 vivid colors: Blue, Red, Amber, White, and Green.

- Available in Single, Dual, Tri, Quad, Quint, & Amber.
- Blue, Red, Amber, White, and Green colors selectable per light module
- Computer Programmable with Unlock Quantum® Software
- 28 programmable inputs with optional converter
- 10 programmable inputs standard with each pillar
- Universal Mount for all Vehicle Makes & Models

- Integrated takedown, alley and flood function
- Integrated front and rear flashing function
- Integrated DOT stop-turn-tail function
- Integrated arrow directional function
- Integrated dim and cut off function
- Integrated cruise and park function

DESCRIPTION:

Introducing the Feniex Q-Mirror Mount (Serial), the first 5-color, serial perimeter light for side mirror installation. Engineered with precision and innovation, this cutting-edge, mirror mounted light offers a spectrum of colors including Blue, Red, Amber, White, and Green, empowering you to command attention and enhance safety in any situation. The Feniex Q® Series lightheads are built with state-of-the-art serial technology that connects using 2 serial wires to the Q® Link device.

- Blue, Red, Amber, White, and Green colors in each module
- Syncs with up to 48 lightheads using one Q Link
- Computer programmable with Q Link Software
- 27 programmable inputs with the Q Link (sold separately)
- Available functions include Flood, Cruise, and Stop Tail Turn and more

DESCRIPTION:

Introducing Feniex Q® Link, the innovative serial device to connect all of your Q® Series lightheads. Specially engineered for use with Feniex's state-of-the-art serial technology, connect up to 48 lightheads using only one Q Link device. Our Q Link device uses Q Serial Zoning Technology to make programming your build easier than ever before. No need to tap mode wires, simply connect your Q Series lightheads to your Q Link device using the 2 serial wires and the Q Link Software.

- Zoning magnet included
- Includes 8 serial ports
- Each serial port supports up to 6 Q Serial lightheads
- Syncs up to 48 lightheads using one Q Link device
- Computer programmable with Q Link Software

QUANTUM®
PRODUCT LIST

The Quantum® Series offers a full line of emergency warning lights, each equipped with 4-color capabilites in single, dual, tri and quad lighting. Each product is purchased at a low-cost single color with the ability to unlock additional colors in dual, tri and quad configurations. All products are configured with Unlock Quantum® software to add modes, color and functionality.

Reference the products below with the following page for dimensions, voltage, current draw, colors and wire harnesses.

DESCRIPTION:

The Feniex Quantum® it's the world's first patented 4 color brightest emergency warning product series. Available in 4 configuration types; Single, Dual, Tri and Quad across a family of 6 Light Bars, 5 light sticks, and 20+ Vehicle specific Inner Bars. At Feniex we will manufacture the Quantum® Series, with all 4 versions of Single, Dual, Tri and Quad, in 1 part number with the ability to be unlocked by a Feniex authorized dealer to any version depending on the customer's needs at an additional cost. No more securing customer configuration. No more paying for technology that's not needed. No more long production wait times. Pay for what you need and customize what you want, all under 1 part number.

- Available in Single, Dual, Tri and Quad Color Versions
- Each Module has Amber, Blue, White & Red Colors
- Computer Programmable with Unlock Quantum® Software
- Integrated Features & Functions:
  - Takedown, Alley & Flood Mode
  - Front & Rear Flashing Modes
  - DOT Stop-Turn-Tail Modes
  - Arrow Directional Modes
  - Dim & Cut-off Modes
  - Cruise & Park Modes
  - California Red Mode

- 10 User Programmable Modes
- Over 20 Warning Flash Patterns
- 60° Wide Optical Spread
- Universal Mount for all Vehicle Makes & Models
- Easy Field Serviceability with Plug-&-Play Connectivity
- Cable Length: 10 Feet
- 192 LED Count
- Not Sold as a Pair
- Compatible with Quad Converter & 28 modes

DESCRIPTION:

The Fusion Amber Series offers affordable, quality, American-made lighting products. The Fusion Amber products are 20% less money than the single color Fusion products, with all-amber color configurations.

- Available in Single Color Amber
- Compatible with a 4200 Mini, 4200 DL, Typhoon and Feniex ONE Controller
- Integrated features & functions:
  ▪ Stop, Turn & Tail
  ▪ Worklight

- 108x single color led count
- 16 programmable flash patterns
- Field servicable
- 40° optical light spread for long-range visibility
- 15' cable length
- Standard hook-mount supports 30+ vehicle makes & models
- 21600 Lumens
- Cable length: 15'
- IP66 Weather-resistant

FAQ

Where to Buy:	Purchase the Fusion® Amber products from any Feniex Dealer or directly from Feniex Industries, Inc.
How to Install:	Visit Feniex University for step-by-step instructions on how to install and configure your Fusion® Amber products. Consult Feniex Industries, Inc. to locate your local Feniex Certified Dealer
Why buy Fusion® Amber:	Fusion® Amber products are offered at 20% less than other Fusion® products. All Fusion® Amber products are proudly made and manufactured in the USA.
How to Contact Feniex:	Call Feniex at our Austin office at (800) 615-8350 or email us for support@feniex.com.
Manufacturer Recommendations	Always use safety when installing Feniex products by using best practice methods. For on-site or virtual classes, visit feniextraining.com to register.
Common Errors:	All instruction manuals for the Fusion® Amber products can be found on the product pages by visiting feniex.com.

DESCRIPTION:

The Feniex Fusion-S is the next evolution of the Fusion series. It is the world's brightest and most competitively priced emergency warning line. User configurable in red, blue, amber, white, and green, the Fusion-S offers the user a new and improved 60-degree optic that is 60% brighter than the previous Fusion family. No lighting line can compare to the brightness and light performance of the Fusion-S series.

- Available in Single Colors: R, B, A, W, G
- 4 programmable priority flashing modes
- Multiple programmable modes:
  - Flood modes
  - Stop, tail & turn signal patterns
  - Cruise mode patterns
  - Front & rear modes
  - Dim modes
  - Traffic advisor modes

- 132x single color led count
- 15 programmable flash patterns
- Field servicable
- 60° optical light spread for long-range visibility
- 15' cable length
- Standard hook-mount supports 30+ vehicle makes & models

CERTIFICATIONS:

MADE IN THE USA | 2 YEAR WARRANTY | IP67 | SAE J1849 | SAE J1119

DESCRIPTION:

The Typhoon Full Function system includes a 100w siren and integrated controller. Engineered with both pursuit and response vehicles in mind, the Typhoon Full Function features 6-programmable backlit buttons, a PA/microphone, and 23 police and fire tones with rotary dial selection.

- 21 programmable siren tones
- 6 auxiliary outputs [3.5A per output]
- Auxiliary buttons programmable as on/off or momentary
- Integrated 2 output wigwag capability [for lights]
- Integrated microphone
- Air horn, park-kill, radio rebroadcast capabilities

- Rotary switch
- 2' mic cable length
- Volume control
- Backlit LED buttons
- Purchase includes Typhoon siren, controller, dash mount bracket & legend sheet
- Compatible with most emergency lights

CERTIFICATIONS:

MADE IN THE USA | 2 YEAR WARRANTY | IP67 | SAE J1113-11

DESCRIPTION:

The Feniex One is the world's first autonomous controller. Feniex Industries now brings the officer, the fleet manager and the installer a brand new product of incredible performance. The Feniex One champions functionality, ease of use, and streamlined installation. The next evolution in smart controllers goes beyond traditional standards with innovations that bridge the gap of automation. Transformative technology. The Feniex One.

*Purchasing without an obd2 plug-in will limit the functionality of the controller and require additional installation. Consult your Feniex Representative or Customer Support for more questions.

- Built-in 200W dual-tone siren with audio commands
- Integrated 3-position programmable slide switch
- 16 programmable push buttons with 5 color options
- 3 additional programmable LCD push buttons
- Feniex software easy to configure and program
- Feniex Web offers live fleet health monitoring
- 32 programmable outputs rated at 5 amps each
- Integrated GPS timing chip for vehicle to vehicle sync
- 8 programmable inputs with 12v+ or 12v- options
- 8 programmable Quad serial outputs

- Console face plates available with Havis, Jotto and Troy
- 15' controller cable length
- Purchase includes Feniex One controller & relay, button legend sheets, u-bracket, antenna, usb cable, ethernet cable, wire harnesses for data link, outputs, inputs and siren
- Compatible with most emergency lights
- Powered by ARM A9 Quad Core Processor

MOUNTING:

Mic bracket

CERTIFICATIONS:

MADE IN THE USA | 2 YEAR WARRANTY | IP67 | SAE J1849 | SAE J1113-11

DESCRIPTION:

The Storm Pro 100 Watt Siren packs a punch and produces 124 decibels of clear, thundering sound in 23 programmable tones. The leading siren for pursuit and response vehicles, the Storm has remote activation that allows universal compatibility with non-Feniex controllers. For maximum impact, pair your Storm Pro police siren with the Feniex Triton speaker and the Feniex 4200 DataLink controller. Meets or exceeds SAE J1849 standards.

- 100W power output
- 21 programmable tones
- Microphone included for PA functionality
- Capabilities:
  ▪ Radio rebroadcast
  ▪ Park-kill
  ▪ Horn ring
  ▪ 4 programmable modes
- Integrated push button for tone selection

- Purchase includes Storm Pro 100W, RJ45 cable, microphone and microphone mounting set
- Functions with most existing controllers and switch panels
- 15' microphone cable length

CURRENT DRAW	6 Amps @ 13V
MODES	3 Modes
OPTICS	45° Down Spread
LED COLORS	
LED COUNT	38 LEDs
CABLE LENGTH	1ft

CERTIFICATIONS:

2 YEAR WARRANTY • IP67 • IP69K • CISPR 25 CLASS 4 • ECE R23 • ECE R10 • CE • CA

DESCRIPTION:

Elevate your vehicle's visibility with the Feniex Perimeter Flood Light, a cost-effective reverse light and scene lighting solution engineered to deliver exceptional performance and durability. Designed with a 45-degree downward optic, this versatile light provides focused light distribution, improving visibility directly where you need it most. From illuminating your surroundings to enhancing safety while reversing, this versatile light provides the optimal light spread for a wide range of applications.

- 2 brightness modes: 100% (Scene mode) and 40% dim (Reverse mode)
- Raw Lumens: Scene mode-4500LM, Reverse mode-1800LM
- Effective Lumens: Scene mode-3030LM, Reverse mode-1046LM
- Compatible with any 12V communication controller
- Made with durable aluminum and polycarbinate
- Comes with standard mounting hardware

2 YEAR WARRANTY

SAE J1113 -11

DESCRIPTION:

The Feniex 4x Flasher is a versatile 4-channel LED flasher that offers 40 patterns in a compact footprint. Its solid-state design allows for compatibility with both positive and ground switched LED modules. Compatible with all emergency response vehicles, the Flasher's three modes make it flexible enough to function as both a warning and/or indication controller.

- Short circuit protection and over temperature protection
- Compatible with halogen and led lighting products
- Integrated steady-on brake-pop feature

- LED flash pattern indicator
- 3 programmable modes
- 4 outputs rated at 5 Amps each
- Syncs with other compatible flashers & lights
