PRODUCTS LLC.

**PRODUCT CATALOG**

**STRONG. RELIABLE. SECURE.**

Since 1968, Pro-gard Products LLC, a Castleray Company, has been the go-to source for law enforcement professionals seeking top-of-the-line safety and durability. The company's extensive range of products, including prisoner transport options, gun racks, cargo storage solutions, organizers, electronic and exterior vehicle protection, and forensics, are designed to perform on the open road. Each item is expertly crafted with the utmost care and precision, ensuring that Pro-gard's products are among the most reliable and secure in the industry. When it comes to law enforcement equipment, there's no better choice than Pro-gard Products.

## THE PRO-GARD PROMISE

### INNOVATION

#### *Safety is always our standard*

For over 55 years, Pro-gard has continued to engineer, design, and manufacture trusted products for prisoner transport and protective products for law enforcement. We are committed to not only developing strong, reliable, and secure products, we also are providing thought leadership, design concepts, and industry-related solutions.

### CUSTOMER-CENTRIC APPROACH

Pro-gard has a customer-first commitment to all that we do. The Pro-gard promise continues to drive our approach to serving our customers. We strive to be easy to work with, accessible to answer questions, and engaged in conversations that deliver exceptional service and solutions.

### SERVING THOSE WHO SERVE US

We are all in this line of work because we care about the safety and well-being of those who put themselves at risk every day and to keep our communities safe. Supporting law enforcement officers is in the Pro-gard DNA and we know that there is more to keeping officers safe than the products we serve.

We are invested in giving back to those who give so much. Mental health and grief are just a few of the causes that Pro-gard Products supports. Getting involved, giving back, and showing up with solutions are some of the ways we can help make a difference for those who protect and serve each of us.

## P1000 PRO-CELL 1/2 CAGE SINGLE PRISONER TRANSPORT SYSTEM

The **P1000** offers a greater level of containment while allowing full functionality of the driver's seat.

- Driver's seat has full travel and complete recline
- Mount single or dual weapons with a GPC series Pro-cell Weapon Mount Gun Rack
- 1/4" thick side curtain airbag compatible wing protection
- 1/4" clear polycarbonate partition window
- Single lower extension panel
- ABS seat, floor pan, and door panels
- Available with or without outboard seat belts
- Available with 1/4" polycarbonate or 7-gauge steel wire barrier window
- Clear 3/8" polycarbonate divider compartmentalizes the prisoner area
- Cargo barrier with polycarbonate window
- Steel window bars
- Provides additional storage space behind the driver's seat

## PRO-CELL VERTICAL PARTITION MOUNT GUN RACK

The GPC Series Gun Rack is engineered for use with a Pro-gard Pro-Cell P1000 and P1500 single Prisoner Transport System. This series can be configured to accommodate a wide variety of weapons and can mount up to two long guns vertically on the partition.

- Single or dual long gun mounting
- Mounts vertically to either of our P1000 or P1500 1/2 cage partitions
- Convenient location - provides quick and easy access to weapons
- Accommodates multiple weapon configurations
- No holes drilled installation

## P1300 PRO-CELL

### 1/3 CAGE SINGLE PRISONER TRANSPORT SYSTEM

The **P1300** uses only one-third of the second row for single prisoner transport while providing full usage of the remaining seats.

- Driver's seat has full travel and complete recline
- Mount single or dual weapons with our self-supporting gun racks
- 1/4" thick side curtain airbag compatible wing protection
- 1/4" clear polycarbonate partition window
- Available with 1/4" polycarbonate cargo barrier window
- Clear 3/8" polycarbonate divider compartmentalizes the prisoner area
- Available with or without outboard seat belts
- Custom molded replacement passenger side door panel (Utility Only) / Standard for Tahoe
- Only need to store 1/3 OEM seats
- Provides additional storage space behind the driver's seat
- Ideal for transporting a car seat or non-detainee passenger

Custom molded replacement passenger side door panel. For use with the Ford Police Interceptor Utility only.

## P1826 PRO-CELL

### FULL CAGE DUAL PRISONER TRANSPORT SYSTEM

The **P1826** advanced design is the solution to safely transport two prisoners: male/female, juvenile/adult, etc. at the same time.

- Full cage
- Mount single weapons with a horizontal partition mount or dual weapons with a vertical partition recessed mount
- Available with 1/4" polycarbonate or 7-gauge steel wire barrier window
- 1/4" thick side curtain airbag compatible wing protection
- Clear 3/8" polycarbonate divider compartmentalizes the prisoner area
- Driver and passenger side ABS door panels
- Available with or without outboard seat belts

## PARTITION WINDOW OPTIONS

- Interchangeable with all Pro-gard partitions
- Ergonomic latches
- Easy to clean and sanitize

**00** Passenger 1/2 Sliding Polycarbonate Window

**02** Stationary Polycarbonate Window

**04** Center Sliding Polycarbonate Window

**05** Full 7-gauge Steel Wire Screen Window

**12** 1/2 Polycarbonate 1/2 Expanded Metal Window

**13** Vented Stationary Polycarbonate Solid Window

**14** Polycarbonate Center Sliding Window with Expanded Metal Insert

**16** Stationary Polycarbonate Window & Center Metal Insert

**17** 1/2 Slider Polycarbonate Window with Expanded Metal Insert

Our partitions are the perfect solution for fleets that desire prisoner containment, officer safety, and peak comfort. Each partition is thoroughly engineered for strength, durability, security, and ease of installation. They are constructed from 14-gauge steel and are designed to address the unpredictability officers face on a daily basis, providing them with peace of mind.

## VIPER™ SHIELD ENHANCED SPACE SAVER PLUS PARTITION

The VIPER™ Shield Rapid Deployment System takes protection outside of the vehicle with the officer. This lightweight shield mounts to our Space Save Plus Partition and provides portable ballistic protection for officers against the uncertainties they face daily.

- 2<sup>nd</sup> generation Dyneema® fiber shield is 15x stronger than steel at the same weight and is 2 lbs. lighter at 7.5 lbs.
- Rated NIJ Level IIIA labeled ballistic panel
- Recessed panel allow for gunracks
- Driver seat maintains full travel

Pull handle is located on front

## SPACE SAVER PLUS PARTITION

The Space Saver Plus Partition offers a high level of safety and comfort for the driver while providing increased leg room for the passenger side detainee. Its unique design assists in eliminating obstructions that might otherwise impede officers while loading and unloading prisoners.

- Provides maximum clearance for loading prisoners and increased legroom during transport
- Recessed panel allow for gunracks
- Driver seat maintains full travel

## SPACE SAVER PARTITION

The Space Saver Partition's patented design offers full clearance for loading and unloading prisoners. The recessed panel provides officers additional space for mounting weapons or accessories while the lower extension panels offer ample legroom during transport.

- Provides sufficient clearance for loading prisoners and increased legroom during transport
- Recessed panel allow for gunracks

# PRISONER TRANSPORT

## TRANSPORT SEATS AND FLOOR PANS

Our Transport Seats and Floor Pans provide a safe and sterile option for officers to transport prisoners. These professionally engineered products feature a smaller profile that sits further back into the rear seat cavity, allowing better control when loading and unloading prisoners.

- Designed specifically to eliminate gaps and crevices
- ABS material resists pathogens and bio hazards
- High visibility gray finish

## OUTBOARD SEAT BELTS

Outboard Seat Belts allow for tension customization, ensuring safety for the officer. The highly visible blue OSB's create a safer alternative by relocating the buckles from the seat center to the exterior side of the vehicle, eliminating the need for the officer to reach across the suspect to buckle them in.

Retractable OSB

Manual OSB

## PRISONER TRANSPORT LIGHTS

Prisoner Transport Lighting is engineered to give officers maximum visibility in passenger and cargo areas. Our lightweight, easy to install low-profile LED lighting provides both white lighting for a contrast or ambient red lights that allows eyes to quickly adjust in the dark.

- Minimal .31 amp draw with 250 lumen white output and 140 lumen red output
- Mounts to any flat surface

## WINDOW ARMOR AND DOOR PANELS

Our Rear Window Armor and ABS Door Panels are engineered to maximize rear window and rear interior door protection. The Door Panels provide additional security from prisoners by eliminating access to window controls, door latches, and door locks. The Rear Window Armor allows officers high visibility while maintaining prisoner control and does not interfere with side curtain airbag deployment.

Polycarbonate with OEM Door Panel

Polycarbonate with ABS Door Panel

Steel Bars with OEM Door Panel

Steel Bars with ABS Door Panel

## CARGO BARRIERS

Our Cargo Barriers provide law enforcement with an essential barrier between the cargo space and the passenger area of the SUV. Our cargo barrier helps eliminate prisoner access to the cargo area of the vehicle while providing an additional concealed storage area behind the back seat of the SUV.

- Secures cargo area from the passenger compartment
- Powder coated steel frame
- Mounting surface for electronics and other accessories
- Utilizes side curtain airbag wings
- Wire or polycarbonate window options

## CUSTOM MOLDED DOOR PANELS

Available for both driver and passenger side 2<sup>nd</sup> row doors of the 2020-Current Ford Interceptor Utility and requires our steel window bars.

Driver Side

Passenger Side

## DOOR PANEL COVER PLATES

Available for both driver and passenger side 2<sup>nd</sup> row doors of the 2020-Current Ford Interceptor Utility.

## TRI-LOCK VERTICAL PARTITION MOUNT GUN RACK

Our patented Tri-Lock Vertical Partition Mount configuration is designed to accommodate a wide variety of weapons. It can securely hold one or two long guns and one handgun. This gun rack is engineered to provide quick and easy access due to its convenient placement and offers greater flexibility to accommodate various types of weapons and accessories.

- Mounts vertically on Pro-gard partitions
- Maximum flexibility to accommodate various weapon types and accessories
- Adjustable brackets, lock heads, and butt plates

## TRI-LOCK SELF-SUPPORTING GUN RACK

The Tri-Lock Self-Supporting Gun Rack securely holds one or two long guns and one handgun, making it easily accessible to the officer. It is designed to accommodate a wide variety of weapons and provides a solution for detectives, supervisors, and other fleet vehicles that do not use a partition.

- Mounts vertically in between the driver and passenger seats
- Available for either single or dual long-gun mounting
- Adjustable brackets, lock heads, and butt plates

Both Tri-Lock gun racks come with a handgun lock box.

## GUN LOCK OPTIONS

Gun Locks are determined by a combination of mounting locations, weapon type, and weapon accessories. To secure the best outcome, we build the gun rack around your exact specifications.

Choose from three styles of key override: Straight, Handcuff, or Vending.

## UNIVERSAL PARTITION MOUNT GUN RACK

The G5000 Series Gun Rack is a single weapon mount which can secure a wide variety of weapons. The Universal Partition Mount Gun Rack typically mounts horizontally to the top of the partition between the window and bar, however it can be mounted on any flat surface.

- Mounts horizontally on Pro-gard partitions or any flat surface
- Available for single weapon mounting

## TRUNK MOUNT GUN RACK

Our GTM Series Trunk Mount Gun Rack is available for single weapon mounting in the vehicle's trunk and can be customized to match most weapons. The mount utilizes the existing OEM frame of the sedan's trunk for an easy installation and is perfect for supervisors, detectives, or other fleet vehicles where a partition is not installed.

- No holes drilled for quick and easy install
- Available for single weapon mounting
- Currently available for the Dodge Charger and Ford Police Interceptor Sedan

## MOTORCYCLE MOUNT GUN RACK

The GMM Series offers an AR single weapon mounting solution for motorcycle patrol units. Our Motorcycle Mount Gun Rack provides officers the ability to carry a 27.5" long weapon and offers the added security of our locking gun racks.

- Only used with Harley Davidson high and low saddlebags
- Designed to fit Colt M4 Commando (maximum 27.5" overall weapon length with stock collapsed)

## SINGLE VERTICAL MOUNT GUN RACK

The G4906 Series is a single weapon vertical partition mount which can secure a wide selection of weapons. Its narrow design allows for multiple gun racks to be mounted side-by-side.

# CARGO STORAGE SOLUTIONS

## CARGO STORAGE DRAWERS

Available in both large and small sizes for the Chevy Tahoe and Ford Interceptor Utility, Cargo Storage Drawers revolutionize cargo management for law enforcement by offering increased storage capacity for weapons, equipment, and gear. Crafted from durable lightweight aluminum, these drawers feature a textured black powder coat finish, stackable design, locking slides, and a protective rubber mat. Hassle-free no holes drilled installation attaches securely to OEM holes with no assembly required.

- Choose from 3 different lock options: No lock, Manual T-Handle lock (keyed alike), and Electronic lock (same or different code can be used)

- Interchangeable - Stack the way that works best for your department
- No holes drilled for quick and easy install
- Works with or without the Cargo Storage Floor (Tahoe Only)
- Works with a Pro-gard cargo barrier or no cargo barrier
- Magpul® DAKA® Grid Organizer integration available
- Accessory top is available and features slots around perimeter for securing gear

DIMENSIONS	WEIGHT	W	H	D
LARGE	58.5 LBS.	43.3"	12"	20.38"
SMALL	49 LBS.	43.3"	7"	20.38"
TRAY TOPPER	9.5 LBS.	43.3"	1"	19.38"

**STACK YOUR WAY**

## CARGO STORAGE FLOOR

A two-compartment storage system designed for the Chevy Tahoe, the Cargo Storage Floor expands the cargo area, enabling officers to securely stow a wide range of equipment, weapons, and electronics. The CSF creates an elevated floor in the cargo area, providing the convenience to readily store and access weapons and gear. The unique hinged storage compartment is installed with push-button latches and gas struts to easily open and close as needed.

- First compartment: Lockable area for storing sensitive weapons, equipment, and duty gear
- Second compartment: Stores electronics with a removable electronics tray

DIMENSIONS	W	H	D
FIRST COMPARTMENT - WEAPON & STORAGE	42.35"	8.21"	25.90"
SECOND COMPARTMENT - ELECTRONICS	42.35"	6.28"	16.35"
REMOVABLE ELECTRONICS TRAY	42"	1.75"	15.75"

## UNDER SEAT STORAGE

Designed to maximize cargo space for law enforcement officers in the Ford F-150 by providing ample room for equipment and weapons. Key features of this storage solution include two locking compartments with a removable divider. The USS is constructed from sturdy steel and finished with a textured black powder coat. The rubber mat-lined floor adds an extra layer of protection. Hassle-free no holes drilled installation attaches securely to OEM holes with no assembly required. Elevate your storage capabilities with Pro-gard's Under Seat Storage.

- Accommodates F-150, F-150 Lightning, F-250, F-350, and F-450
- No holes drilled for quick and easy install
- Magpul® DAKA® Grid Organizer integration available

DIMENSIONS	WEIGHT	W	H	D
OVERALL	50 LBS.	54"	8.25"	11.4"
LARGE COMPARTMENT		35.95"	8.25"	11.4"
SMALL COMPARTMENT		17.65"	8.25"	11.4"

# CARGO STORAGE SOLUTIONS

## CARGO SECURITY COVER

Safely stow away equipment in the cargo area of the SUV. This patented SUV security solution is easy to install and will hinder theft by keeping items out of sight, creating a trunk in the rear of the SUV. The steel construction provides additional mounting surfaces for accessories, weapons, electronics, and duty gear.

- Safely conceals equipment, gun racks, tools, electronics, and officer gear
- Additional mounting space for weapon racks and gear
- 14-gauge steel construction
- Multiple slits on top for securing gear down with bungee cords

## REAR WINDOW GUARDS

Rear Window Guards become the perfect theft deterrents to the cargo area of an SUV by creating an additional layer of protection to the vehicle while enhancing officer safety.

- Lightweight construction will not wear out the actuators of the rear hatch
- 3-piece set provides maximum visibility

## TRUNK AND ELECTRONICS TRAY

Trunk Trays offer both a storage platform as well as an electronics mounting surface that retracts into the trunk. This durable, easily operated product is the solution for keeping loose equipment secure and wires free from entanglement. Clearance varies by vehicle offering maximum storage.

- No holes drilled for quick and easy install
- Latches keep the tray firmly locked
- Available for the Dodge Charger and Ford Police Interceptor Sedan

## TRUNK AND CARGO AREA ORGANIZERS

The Trunk and Cargo Area Organizers are aptly designed for most law enforcement vehicles. The heavy-duty organizers fit into the contours of the cargo area of the SUV or trunk of some sedan models. The lightweight plastic construction is extremely durable and provides maximum protection while the vehicle is in motion.

- Removable dividers for officers to personalize their organizers
- Lightweight ABS construction

DIMENSIONS	W	H	D
D3805	28"	10.5"	18"
D3825L	45"	11"	30"

D3805

- Removable lid allows for concealing equipment

D3825L

- Hinged lid allows for easy access
- Heat and cold resistant providing maximum protection

## SEAT ORGANIZERS

Our Seat Organizers create the perfect solution for storing small essential duty gear or files that can be easily reached from the driver seat. This portable design is ideal for officers driving pool cars by allowing them to easily remove their organizer from the vehicle before the next shift.

- Portable design allows the organizer to move from car to desk to home
- Pliable steel straps easily adjust to fit any OEM seat
- Attaches to almost any flat surface

D2951

D3000

D2950

# EXTERIOR VEHICLE PROTECTION

## HD PUSH BUMPERS

HD Push Bumpers are engineered to offer law enforcement the best solution when it comes to officer and vehicle protection. Uniquely designed for each vehicle make and model for maximum coverage, durability, and visibility, the HD Push Bumper's steel construction allows officers to move stranded vehicles to safety without fearing a compromise to the vehicle's bumper structure.

- Sturdy rubber padding covers surface area encasing bumper edge providing maximum protection
- Auxiliary light mounting platform - various mounting slots provide multiple options for mounting warning lights
- Choose between no lights, all red/white, all blue/white, or half red/white and half blue/white integrated Whelen ION LEDs

## HD FENDER WRAPS

HD Fender Wraps provide law enforcement the best solution when it comes to officer and vehicle exterior protection. Engineered from high strength tubular steel, they are designed to provide durability, visibility, and maximum coverage to the front of the vehicle.

- Quick and easy to install
- Mounts to existing Pro-gard push bumper holes
- Durable lightweight tubular structure adds minimal weight to the front of the vehicle

## COMMAND GRILLE®

Command Grille® is designed to provide full intersection coverage when agencies have a "No Push Policy." It is engineered to provide first responders with a simple alternative lighting solution when situations call for additional exterior lighting.

- No holes drilled for quick and easy install
- No need to remove front fascia - Mounts to factory grille

Ford Police Interceptor Utility

Chevy Tahoe PPV/SSV

## SKID PLATES

Skid Plates are engineered to prevent costly damages to a vehicle's undercarriage. Offering maximum protection from the daily grind of high-speed pursuits or cutting through rough terrain.

- Provides added layer of protection to under-body that's otherwise exposed
- No holes drilled for quick and easy install - utilizes existing OEM mounting points
- Easily access to routine maintenance locations

Transmission Skid Plate for the 2020 - Current Ford Police Interceptor Utility protects exposed transmission

## BALLISTIC DOOR PANELS

The NIJ Level IIIA Ballistic Door Panels offer maximum coverage to give officers added protection from open fire while in their vehicles. Our expert design optimizes the coverage area for each unique make and model. The weatherproof panels feature vehicle specific designs that are made for both driver and passenger side doors.

- Kevlar® ballistic door panels add less overall weight to vehicle
- Bolt-in design requires no vehicle modifications
- Level IIIA panels protect against bullets up to a .44 Magnum as well as all threat types listed in IIA, and II NIJ testing level specifications

# ELECTRONIC VEHICLE PROTECTION

## AOI ELECTRICAL AIR BAG CONTROL SWITCHES

The patented AOI Electrical Front Passenger, Driver, and Side Curtain Airbag On/Off Control Switches provide officers the solution to perform without the threat of damage to themselves or vehicles when their airbag is deployed. The side curtain switch protects after-market mounted equipment and allows the use of rigid thick wing partition filler panels. Each switch is tested to meet all federal requirements.

- NHTSA allows vehicles used in emergency situations to install frontal airbag deactivation switches
- Eliminates encounters between airbags and after-market equipment mounted in airbag's deployment zone
- Key operated switches can be turned off to protect equipment mounted in the airbag deployment zone or turned on to protect a passenger seated in the passenger seat
- Most municipal insurance plans compensate for airbag deactivation switches
- Small profile box fits easily under the dash or in other confined spaces

### FRONT PASSENGER ON/OFF SWITCH | SIDE CURTAIN ON/OFF SWITCH

Shift Lock Out

### THE KEY IS THE KEY

The SAFESTOP® Vehicle Anti-theft System allows the vehicle to remain running even after the ignition key is removed; with the ignition key removed, the shifter is locked. This function can only be overridden when the ignition key is reinserted.

## SAFESTOP® VEHICLE ANTI-THEFT SYSTEM

The SAFESTOP® Vehicle Anti-theft System protects your fleet and officers with the turn of a key. Our product's **"Always On Protection"** component prevents vehicle theft and provides weapons, electronics, and expensive duty gear 24/7 protection.

- Vehicle maintains complete functionality of most electronic operations without leaving the vehicle vulnerable to theft
- Vehicle protection is engaged once key is removed
- Trunk Lock Secure prevents access to trunk and contents
- Gun Lock Secure prevents theft of weapons stored in an electronic gun rack
- Shift Lock Out locks the gear shift in park
- Brake Pedal Override kills the engine
- Low profile housing fits below the dash
- Minimal amp draw

### BRAKE KILL OVERRIDE | TRUNK LOCK SECURE | GUN LOCK SECURE | SHIFT LOCK OUT

## RIOT SHIELDS

Riot Shields are the answer for withstanding heavy blows from rocks, clubs, or other dangerous objects often encountered in crowd control situations. The shields are formed of robust 0.15" thick polycarbonate and comes with one reversible injection molded handle and one durable break-away strap.

- Constructed of durable UV stabilized polycarbonate material
- Lightweight, easy to use
- Two sizes available in both body and capture models
- Ergonomic handle made from durable ABS
- Reversible injection molded handle for left or right hand usage
- Easily adjustable nylon break-away arm strap
- Durable closed cell foam padding for forearm protection
- Optional identification label: Police, Corrections Sheriff
- Electrically neutral, will not conduct electricity

DTK3001 IDENTIFIER™

TP1001

The Identifier™ and TP1001 Drug Test Kits require zero direct physical contact with suspect substances. With a sampler protected from any possible contamination, this patented technology combines advanced chemistry and state-of-the-art ergonomics to offer the most reliable and accurate test kits available.

Effective on a wide range of substances

Pills, Tablets & Capsules

Organic Materials

Liquids

Powders & Crystals

A SAFER, MORE RELIABLE WAY TO GET INSTANT RESULTS.

## DTK® DRUG TEST KITS

DTK® Drug Test Kits provide a safe and instant solution for law enforcement, government, and other organizations that deal with the demanding and vigorous challenges of fighting illicit drug crimes. From general screening to drug specific tests, DTK® has you covered.

- **EASY TO USE:** Simple and quick five-step process to immediate results
- **LONG SHELF LIFE:** With a lifespan of two years, the Identifier™ can sit unused and ready for testing for long periods of time
- **SELF-CONTAINED:** Closed system is safe to use with no direct contact with substances required
- **COMPACT SIZE:** At under 3 inches (73mm), it's small enough to fit into just about any pocket
- **RUGGED PLASTIC CASING:** Maximum protection from accidental breakage and sealed tight to protect from possible contamination
- **EXTREME TEMPERATURE OPERATION:** From freezing to triple digits, this kit can remain accurate and withstand extreme environmental changes
- **TEST ON ANY SURFACE:** The bristled applicator can pick up trace substances from any surface including skin, solids and liquids
- **BUILT-IN NEUTRALIZER:** The system is safe to dispose of after use thanks to a built-in neutralizer

**FENTANYL SPECIFIC TESTS AVAILABLE**
